Bridging the Gap: Caring for Adolescent and Adult Survivors of Childhood Cancers Webinar Series

Introduction
March 6, 2014
A Family Practice Physician Looks at Health Care in Childhood Cancer Survivors
Timothy Folse, M.D.; Clinical Director, The St. Jude LIFE & After Completion of Therapy (ACT) Clinics

March 19, 2014
Common Secondary Malignancies After Childhood Cancer
Laura Davidson, FNP-BC; Nurse Practitioner, The University of Kansas Medical Center

Concentration I: Cardiovascular Late Effects
April 15, 2014
Cardiac Dysfunction
Sanket Shah, M.D.; Children’s Mercy Hospitals & Clinics

April 17, 2014
Cardiovascular Disease
Kevin Mulhern, M.D.; Director, Adolescent and Adult Congenital Heart Disease Program, The University of Kansas Medical Center

Concentration II: Fertility
April 30, 2014
Fertility Problems and Options for Female Childhood Cancer Survivors
Colleen Milroy, M.D.; Assistant Professor, Department of OB/GYN, Division of Reproductive Endocrinology and Infertility, The University of Kansas Medical Center

May 14, 2014
Fertility Problems and Options for Male Childhood Cancer Survivors
Ajay K. Nangia MBBS, FACS; Professor of Urology, Director of Andrology: Male Infertility, Microsurgery, Men’s Health, Department of Urology, The University of Kansas Medical Center

Concentration III: Psychosocial and Cancer Rehabilitation
May 28, 2014
Emotional Late Effects in Childhood Cancer Survivors
Rachel M. Moore, Ph.D.; Licensed Clinical Psychologist, Children’s Mercy Hospital & Clinics

June 10, 2014
Practical and Financial Challenges After Childhood Cancer
Karla Nichols, LSCSW; Executive Director, Cancer Action KC

June 24, 2014
Educational and Vocational Challenges
Kathy Davis, Ph.D.; Assistant Professor of Pediatrics, The University of Kansas Medical Center

Concentration IV: Endocrine Late Effects
July 8, 2014
Metabolic Risks and Bone Health
Larry Kurt Midyett, M.D.; Pediatric Endocrinology, St. Luke’s Health System

July 23, 2014
Thyroid Dysfunction
Leland Graves, M.D.; Associate Professor and Division Director, Endocrinology, Metabolism and Genetics, The University of Kansas Medical Center

August 5, 2014
Primary Gonadal Failure in Pre-Pubertal Children
Julia Broussard, M.D.; Co-Director for Endocrine Disorders in Cancer Survivors Clinic, Children’s Mercy Hospitals & Clinics

August 12, 2014
Pituitary Dysfunction
Sripriya Raman, M.D.; Co-Director, Endocrine Disorders in Cancer Survivors Clinic, Children’s Mercy Hospital & Clinics

Wrap Up
August 20, 2014
Putting the Pieces of the Puzzle Together: Developing a Coordinated Approach to Care of the Childhood Cancer Survivor
Joy Fulbright, M.D.; Medical Director of Adolescent Young Adult (AYA) and Survive & Thrive Program
**Course Description**

Significant improvements in the treatment of childhood cancer are leading to an increased number of childhood cancer survivors in the United States, thus introducing new found struggles in the long-term care of these patients.

Adolescent and adult survivors of childhood cancers are now at increased risk for numerous physical, emotional, psychological, social and financial late effects of cancer treatment. The need for long-term follow-up care has been well established and guidelines now exist to help providers monitor for late effects. National accreditation standards are pushing for higher standards including survivorship care. However, there continues to be a gap among health care providers in several areas related to monitoring and early diagnosis of late effects of cancer treatment.

This series is designed to provide primary care providers and other health care providers involved in the care of adolescent and adult survivors of childhood cancer with the most current information regarding late effects of treatment and use of the latest Children’s Oncology Group (COG) survivor guidelines. In addition, the series will provide a forum for networking between primary care providers and subspecialists.

**Objectives**

At the completion of this series, participants should be able to:

- Describe the late effects of cancer treatments on various body systems and the need for ongoing assessment
- Implement tools into your practice and clinic workflow to identify patients that have a history of childhood cancer
- Incorporate evidence based guidelines from the Children’s Oncology Group into managing adult survivors of childhood cancers
- Communicate effectively with patients and families the risk factors for late effects of cancer treatments and the need for long term care
- Develop a practice support network with subspecialists and other experts in the field of survivorship

**Target Audience**

Physicians, advanced practice nurses, physician assistants, nurses, case managers, patient navigators, social workers and other professionals involved in the care of adolescents and adult survivors of pediatric cancers

**Fee for Series:**

Organizations may choose to register for the entire series (including all 14 presentations) or for individual concentrations. Registered organizations may log on for any, or all, of the sessions in which they are enrolled at their discretion. The fee will not be prorated based upon the number of sessions attended. The fee is based upon the number of organizational employees attending. Registration for the series or concentrations is not complete until payment is received.

**Fee Structure for registering for the series (includes 14 sessions)**

- 1-5 employees attending: $100 per organization for the series
- 6-10 employees attending: $150 per organization for the series
- 11-15 employees attending: $200 per organization for the series
- 16-20 employees attending: $250 per organization for the series

**Fee Structure for registering for individual concentrations**

- 1-5 employees attending: $25 per organization for each concentration
- 6-10 employees attending: $50 per organization for each concentration
- 11-15 employees attending: $75 per organization for each concentration
- 16-20 employees attending: $100 per organization for each concentration

**Broadcast Information:**

This series will be broadcast via the Adobe Connect Webconferencing System. Sessions will begin and end promptly. Participants at your location will be able to view the slide presentation, hear the speaker, as well as respond by typing in questions.

In order to increase the probability that technology glitches will be discovered and eliminated prior to the broadcasts, we ask all sites to complete a technology test. Information will be provided to the site contact after registration.

**To Register Your Organization:**

Please complete the attached registration form and fax to (620) 235-4041 or e-mail to: ahecpitt@kumc.edu no later than **February 28, 2014.**
Registration/Cancellation

In the event of cancellation of registration, a $15.00 administrative fee will be assessed. The registration fee will not be transferred to future offerings. Refunds are made by mail.

KU Medical Center AHEC reserves the right to cancel the program and return all fees in the event of insufficient registration. KU Medical Center AHEC will not be responsible for any losses incurred by registrants, including but not limited to airline cancellation charges or hotel deposits.

Program Accessibility

We accommodate people with disabilities. Please call (620) 235-4040 or mark the space on the registration form and a KU Medical Center Area Health Education Center representative will contact you to discuss your needs. To ensure accommodation, please register at least two weeks before the start of the series.

Nondiscrimination Statement

The University of Kansas prohibits discrimination on the basis of race, color, ethnicity, religion, sex, national origin, age, ancestry, disability, status as a veteran, sexual orientation, marital status, parental status, gender identity, gender expression and genetic information in the University’s programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Director of the Office of Institutional Opportunity and Access, IOA@ku.edu, 1246 W. Campus Road, Room 153A, Lawrence, KS, 66045, (785) 864-6414, 711 TTY.

Continuing Education Credit/Certificate of Attendance:

The organization fee will include continuing education credit for physicians, nurses, social workers and a certificate of attendance for other individuals that are employed by your organization and attending at your site. A transcript will be issued at the conclusion of the series; certificates will not be issued for each individual session. Participants are required to complete and submit a registration form and evaluation form for each session attended. Submission information and deadlines will be noted on the registration form.

Continuing Education Credit Statements:

All participants are required to complete a registration form at each session they attend.

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the University of Kansas Medical Center Office of Continuing Medical Education, Children’s Mercy Kansas City, the Midwest Cancer Alliance and the University of Kansas Cancer Center.
