

A young woman with voluminous, curly brown hair is smiling warmly at the camera. She is wearing a dark blue patterned scarf and a light olive green jacket. The background is a soft-focus outdoor scene with trees and a path.

**The HPV
Vaccine can
help prevent
six types of
cancer.**

**Don't Miss
this shot.**

According to the CDC, the HPV vaccine is most effective before your 26th birthday. Take control of your future and get the vaccine that can protect you from certain types of cancer.
